Block Booking of 4 or more £10 per ticket

Take a new song from 'page to stage' in the course of a day! Whether you are a regular singer or a 'newbie', you can be sure of a warm and enthusiastic welcome from everyone at our 2023 Love to Sing day. Experience the JOY of singing in glorious 4-part harmony with the support of an experienced, large all-female show chorus and perform with us to your family and friends!

Fascinating Rhythm (FR) strive for musical excellence through regular rehearsal and dedication from its members, but they pride themselves in being so much more than singing as their strapline suggests. They recognise the value of teamwork, extended social networks, peer support and the all-important health benefits of being with like-minded people and singing. FR take great pride in everything they undertake and mark their success down to teamwork, passion and willingness to make a difference. From every singing member to the teams that make up the chorus's smooth running, every booking and concert to those charities and groups we collaborate with – all undertaken with care, commitment and consideration. The annual Love to Sing Workshop is one of our favourite events and the members look forward to introducing you to their hobby and passion.

Here are a few quotes from previous delegates:-

"Such a fun, rewarding day. A lot to learn but a huge sense of achievement at the end of the session. I just love singing"

"They gave me the confidence to 'go for it'! Great to sing with a large, great chorus"

"Fun, friendship, harmony, teamwork (and cake)!" "To do something for me, it was fun, and I enjoyed it."

"I found it an incredibly emotional experience to go from being terrified of making a mistake to actually enjoying singing.. and on the front row even! I can't believe how much we learned in one day, and I'm going away with a huge sense of achievement. THANK YOU!"

"Everyone was so friendly and welcoming, so much support from all the Fascinating Rhythm ladies. Lots of laughs and a great Musical Director."

So if any of you out there fancy a go at singing four part harmony a cappella – what are you waiting for!
